### Jhade, 11 years old

- Grade 5 level student
- She wants to become a doctor someday
- 12 years investment up to college graduation

Jhade Irish Pizarro was born on December 4, 2011. She loves to dance and make TikTok videos. Her favorite subject is mathematics because she loves numbers, while she shyly admits that she is having difficulty in English. At home, she helps her family by cleaning their house. She lives in Sitio Aplaya, a poor community in Sucat where makeshift homes are built on bamboo stilts right over the waters of Laguna Bay in Muntinlupa City.

She dreams to be a doctor so that she can help people who are suffering. Jhade wants to finish her studies so that she can help her family as well.

Tender is recommending Jhade, who graduated from our Food For Life Supplementary Feeding Project, to be a part of the Sponsorship program. She is a good candidate for child sponsorship due to her family's financial situation. Furthermore, it is important to support Jhade because this will help her discover her talents and develop her potential.
