

The TNP Educational Assistance Program (TEAP) breaks the cycle of poverty by providing holistic, long-term support to driven high school and college students from 16 depressed areas across Manila.

How the Program Works

Financial Assistance: Students receive a \$12 monthly stipend to help cover essential daily needs, including transportation, school supplies, and allowances.

Dedicated Mentorship: Financial aid is only half the equation. Every scholar is paired with a dedicated coach—a college-educated professional grounded in Christian formation—who guides their personal, spiritual, and academic journey.

Lasting Independence: TEAP has a proven track record of helping scholars successfully graduate and secure stable, fulfilling jobs.

Paying It Forward: The journey doesn't end at graduation. Alumni are encouraged to join TNP's Young Professionals group, where they continue their leadership formation and return to serve as leaders across different TNP sites.

The Vision for 2030

As Tahanan Ng Panginoon celebrates its 40th anniversary, TEAP actively supports 700 scholars. Driven by a mission to expand this life-changing work, TNP has set a bold target: **to reach and support 1,500 students by 2030**, building a lasting legacy of educated, faithful leaders.

TNP Educational Assistance Program (TEAP)

Breaking the cycle of poverty
