Jhezelle, 8 years old

- Grade 2 level student
- She wants to become a doctor someday
- 15 years investment up to college graduation

Sucate Community (near Laguna Bay) where Jhezelle resides

Jhezelle Godinez was born on December 22, 2014. She loves to dance and make TikTok videos. Her favorite subject is English, while she shyly admits that she is having difficulty in mathematics. At home, she helps her family by cleaning their house and doing her homework right away. She lives in Sitio Aplaya, a poor community in Sucat where some houses along Laguna Bay are built on bamboo stilts right over the water.

Jhezelle is now enrolled in grade 2 but at risk of drop-out without a sponsor, due to her family's poverty. She dreams to become a pediatrician because she wants to help babies and small children. Jhezelle wants to finish her studies so that she can help her family someday.

IT Tender is recommending Jhezelle, who graduated from our Food For Life Supplementary Feeding Project, to be a part of the Sponsorship Program. She is a good candidate for child sponsorship due to her family's financial situation. Furthermore, it is important to support Jhezelle because this will help her discover her talents and develop her potential.
